The prospect of a pretty home is  
indeed a cheering sign to any man,  
and every individual should have his  
mind set upon owning a residence  
of his own. We have some splendid  
properties on our books—houses to  
suit all tastes and pocket-books.  
We buy, sell and exchange town and  
country real estate, and you will  
find us very good people to do busi-

And those that already have the  
pretty home, we would like to show  
them one, five and ten acre lots  
near city limits where they can keep  
that cow, those chickens, and grow  
all their garden truck vegetables and  
fruit they want for a year. Small

## GOOD ROADS COMMIT- TEE VISIT THIS CITY

Meet Tuesday Afternoon With Business  
Men to Discuss Ways and Means  
of Procuring Best Results

The good roads committee of the  
state legislature consisting of Senator  
John S. Donald, Mount Horeb, and  
Assemblymen John R. Jones, Leon,  
Chairman Chris. Wellensgard, Berlin,  
John A. Chinnock, Hudson, Ole Bus-  
lett, Northland, a stenographer and  
state geologist, W. O. Hotchkiss were  
in the city Monday and Tuesday.

The committee together with the  
chairman and several other mem-  
bers of the county board and  
other wide-awake citizens had a  
most interesting meeting at the city  
hall Tuesday afternoon. The cause  
of the gathering was to get at the  
best method of furnishing state aid  
or in other words, how to get the  
most effective results with the least  
expenditure.

All present were deeply interested  
and much food for thought was  
brought out. It was an informal  
meeting and the members of the com-  
mittee seemed much pleased with its  
results, Chairman Jones said to The  
New North man that the committee  
had rarely met such intelligent ear-  
nest men on their trip. Some of the  
questions brought out and considered  
were:

"What kind of a state highway de-  
partment shall there be? (a) One per-  
son, or a commission? (b) Which is  
the least expensive? (c) Which is the  
most efficient? (d) Shall they be elec-  
tive or appointive? What and how  
much power shall be centralized in  
this state department? Should the  
state alone build and take charge of  
state highways? Where should the  
residue of power be placed, in county  
or town? Should the state assist in  
the maintenance of improved high-  
ways? What is the fairest and most  
equitable way of distributing state  
aid?"

AS TO STATE AID

Should a portion of the cost of the  
road be assessed directly against abut-  
ting property? Should the state aid  
be given for building of stone, gravel  
and dirt roads, or for gravel and stone  
only? Should state aid be given for  
building culverts and bridges on state  
aid roads? Should state aid be ex-  
tended for cutting down hills and fill-  
ing low places in addition to putting  
on a permanent surface? What are  
the resources of your county as to  
building materials? Do you think  
that it would be profitable for the  
state to employ convict labor in crush-  
ing stone and constructing highways.  
If so, what are your suggestions?

TOURS CENTRAL COUNTIES

From Rhineland the committee  
goes to Ashland, Superior, Hudson  
and possibly Eau Claire. Then it will  
tour the central part of the state and  
last the southern. Senator F. E.  
Brown and Timothy Burk were not  
with the committee.

While the committee is seeking in-  
formation rather than giving it, and  
as yet has formulated no plans as to  
what it will recommend, it appears  
from the tone of the conversation  
that so far, they favor the idea of the  
state appropriating \$300,000 annually  
with the counties and towns where  
roads are improved paying a third  
each toward the expense. They do  
not seem to favor the idea of taxing  
abutting property for the improve-  
ment. Mr. Jones said that most  
states that had a law of that kind in  
effect in the past had repealed it.

ELECTRICAL SUPPLY HOUSE

CHANGES HANDS

J. J. Morgan has just consummated  
a deal whereby he has purchased the  
electric stock owned by Will Gilligan  
and will immediately move it to the  
building on Stevens Street which he  
recently purchased for a garage and  
will open up an electrical supply and  
repair shop at this place. He intends  
to continue the supply business and  
when he combines the two businesses  
and installs the garage he will employ  
the services of Will Gilligan to attend  
to the electrical supplies.

CRUSHED WHILE SINKING ROCK

Last Saturday morning Joe Careau  
was badly crushed while sinking a  
large rock on his farm near Goodman.  
Mr. Careau was digging a hole on one  
side of the rock and without a mo-  
ment's warning the huge boulder top-  
pled over, crushing him under its  
weight. Friends at once removed  
him from beneath the rock and Dr.  
Charles attended his injuries. He  
was brought to this city and taken to  
St. Mary's hospital Saturday after-  
noon.

TRUANCY LAWS STRENGTHENED

Factory Inspector Peterson Writes Letter,  
Relative to Children of School Age

As will be seen by the letter below,  
the truancy laws here have been  
greatly strengthened and the factory  
inspectors have been placed in direct  
charge of all violations in places  
where there are no other truancy of-  
ficers. If teachers will report to the  
county superintendent such viola-  
tions, they will be given immediate  
attention. Children of school age  
must be in school.

Below is an important letter:  
Superior, Wis., Oct. 11, 1908.

Mr. LOWELL, Esq.,  
Co. Supt. of Schools,  
Rhineland, Wis.

Dear Mr. Lowell:  
As you perhaps know our power as  
truancy officers has been greatly  
strengthened and it is my intention,  
during the coming season to take up  
this work more systematic than ever.  
If you would call the attention of  
your teachers and principals to this  
and have them report to me cases of  
truancy or carelessness in attendance  
so that I can notify and punish such  
under the law, I shall consider it a  
favor. It is necessary to furnish me  
names and ages of children, as well as  
name of parents or guardian and ad-  
dress. I aim to do this work mainly  
in districts where there are no local  
truancy officers and in the latter places  
too, if called upon. Hoping you are  
well I am  
Sincerely yours,  
HENRY P. PETERSON,  
Factory Inspector,  
Box 185 Superior.

## WISCONSIN TEACHERS SOON TO CONVE

Will Hold Annual Association At Mil-  
waukee, November 4-6.  
Fine Program Prepared

The Wisconsin State Teachers' As-  
sociation will convene at Milwaukee,  
November 4, 5 and 6. This is the  
great educational event of the year.  
This year all general and all sectional  
meetings will be held in the new au-  
ditorium. Previously the various  
divisions have had to be held in dif-  
ferent buildings all over the city. It  
is readily seen what an advantage it  
will be to hold all the departmental  
meetings in one place and under one  
roof.

While it incurs considerable ex-  
pense to attend this great meeting,  
live teachers are generally present.  
The law gives school boards the priv-  
ilege of paying teachers for the lost  
time brought about by attending the  
association.

The program has been carefully  
prepared.

At each of the general sessions there  
will be three speakers and an elabo-  
rate musical programme, with the busi-  
ness following. Supt. Carroll G.  
Pearse, Milwaukee, has consented to  
be one of the speakers for the first  
day and will choose his own subject.  
Another will be Dr. Helen C. Put-  
nam, president of the American Re-  
search Medical college, Providence,  
R. I., who will speak on the subject,  
"The Educator's Responsibility for  
Vital Statistics."

On Friday the general subject will  
be rural schools and the speakers will  
divide the subject, State Supt. C. P.  
Cary, Madison, speaking on one phase  
of it, President Fassett A. Cotton of  
the La Crosse Normal school and  
former state superintendent of In-  
diana, on another and County Supt.  
Leo P. Fox of Chilton on another.

The general session Saturday morn-  
ing will be addressed by Assembly-  
man C. F. Velebahn, Watertown, now  
chairman of the state board of exam-  
iners, on "Needed Educational Legis-  
lation," while Dr. Sybrant Wesselius,  
Grand Rapids, Mich., former state  
senator, will speak on the "Duty  
of the State to its Defectives," a sub-  
ject upon which he is a national au-  
thority.

The evening lecture on Nov. 5 (Fri-  
day) will be given by Hon. Frank P.  
Sadler, the noted criminal jurist of  
Chicago. Judge Sadler is one of the  
most noted orators of the west and  
knows well his subject—"The Crimi-  
nal in the Making"—from years of  
dealing with those unfortunates.

Milwaukee gives the following snow  
record: The first snow fall in 1908  
came on the same date as this Octo-  
ber storm. In 1905 there was a simi-  
lar coincidence. 1909 snow came as  
early as September 29, and yet we are  
loath to be convinced even by statis-  
tics.

## RHINELANDER GETS STATE CONVENTION

This City Chosen for Meeting Place  
of Congregationalists Next  
October

The seventy-second annual conven-  
tion of the Congregational Associa-  
tion of Wisconsin will be held in  
Rhineland, next October.

When Rev. Grant Clark went to  
Appleton last week to attend the an-  
nual convention, he took with him  
permission from the Congregational  
church society of this city, to invite  
the convention to come to Rhineland  
next year. It had previously been  
hinted that such an invitation would  
be acceptable to the convention but  
the undertaking seemed too vast to  
be shouldered by a town of this size  
and so small a church. However af-  
ter careful discussion it seemed fea-  
sible if all denominations would unite  
and help to make this convention a  
success. To say nothing of the reli-  
gious features, such a gathering would  
be a boom for our city, would bring  
people from all parts of the state here  
and would be an advertisement for  
this part of the country.

It is estimated that between two  
and three hundred will be in atten-  
dance at the convention, which will  
make it necessary for all citizens to  
take part in the entertainment of the  
guests.

Too often people fail to realize the  
benefits of such gatherings and do  
not give them their support.

The record of the up-to-date towns  
of Wisconsin is that they have put  
forth united efforts to secure var-  
ious state conventions. This city has  
had but few. We hope to show the  
congregation of people coming to us  
next fall, that a live, hustling town  
exists in northern Wisconsin.

FOOT BALL.

EAGLE RIVER VS. RHINELANDER.

Altho the Rhineland High won  
from the Eagle River High by a score  
of 5 to 0 in last Saturday's game, the  
Eagle River boys put up an article of  
foot ball that will put them in the  
front rank by the time the season  
closes. Prof. Olson accompanied his  
team and has reason to be proud of  
its behavior. The boys were gentle-  
men in every way, and always pressed  
their claims by hard playing and not  
by loud talking. Eagle River excelled  
the local team in the forward pass  
play, and, but for a costly penalty at  
one time, the score might have been  
tied.

Rhineland won the toss, and the  
game started by Lally kicking to  
Eagle River. Eagle River advanced  
the ball by several plays to Rhine-  
lander's 50 yard line but lost on  
downs. Rhineland then improved  
its opportunity, and after ten min-  
utes of play crossed the Eagle River  
goal line for the only touch down of  
the game, failing to kick goal. In  
this series of plays, Lally, Reed and  
Brown figured prominently.

In the second half, the Rhineland  
goal was in danger once. Once  
Rhineland crossed the Eagle River  
goal, but was called back. Again they  
started for the Eagle River goal and  
carried the ball to the one yard line,  
losing the ball on downs. Eagle  
River punted to the middle of the  
field. The game closed with the  
score 5-0.

Some of Rhineland's old time  
players were on the side lines because  
of disqualifying standings, and it is  
hoped that close application to study  
will return them to the team as soon  
as the next exams are over. The  
Merrill High School will play here  
Saturday, October 23, and a hard  
fought game is to be expected. Rhine-  
lander won from them a year ago on  
their home grounds, and they natu-  
rally want to return the compliment  
this year.

CONVENTION AT ASHLAND.

The State Dental Society will meet  
at Ashland next July. The organiza-  
tion consists of about 250 members.  
In July at the last convention when  
some of the members from the North  
were suffering from the intense heat  
of Milwaukee, it was decided to pro-  
pose a change to the cooler part of  
the state where the cool breezes from  
Lake Superior would lend a contrast  
to the suffocating atmosphere of the  
southern city.

It was not decided when the con-  
vention adjourned but has recently  
been announced officially that the  
next meeting will be held at Ashland.  
A large attendance is expected.

TAG DAY SATURDAY

Woman's Club Fixes October 16 as Benefit  
Day for Library Book Fund

How many of the citizens of Rhine-  
lander are aware of the financial con-  
dition of her Public Library? The  
city contributes \$1,500 to its support.  
This sum must cover the entire ex-  
penditures: librarian's salary, fuel,  
janitor fees, freight on books, book  
binding, magazine subscriptions re-  
pairs on building and other incident-  
al costs. How much remains for the  
purchase of new books? Not more  
than \$300. And yet the library has a  
circulation of 56,512 with 2661 bor-  
rowers.

Neenah, a city not larger than  
Rhineland contributes \$200 to the  
support of her library. Two men  
alone in Oshkosh have given sufficient  
money as a sinking fund, to make an  
income of \$2,000 to be spent for new  
books.

What are the people of Rhineland  
doing? In 1905 the Rhineland  
Woman's Club pledged themselves to  
raise \$100 dollars a year for five suc-  
cessive years, this money to be spent  
for new books. Last year it was  
voted to place that money in the  
hands of the Library Board as a  
nucleus for a sinking fund, the in-  
terest to be spent for new books, hop-  
ing that larger amounts from individ-  
ual parties or organizations, might  
be added thereto.

Saturday, Oct. 16, is Tag day for  
the Library fund to be held under  
the auspices of the Woman's Club.  
We solicit your patronage and hearty  
support. Be prepared to contribute  
any amount which you think consist-  
ent with the worthiness of the cause.

## BASEBALL STAR KILLED WHILE HUNTING DUCKS

Thomas Coates of Oshkosh, State  
Leaguer, Drafted by Philadel-  
phia, in Fatal Accident

Oshkosh, Wis., Oct. 11.—(Special).—  
Thomas Coates of Omro, left fielder  
on the Oshkosh team of the Wiscon-  
sin-Illinois league this season, and  
drafted by the Philadelphia Ameri-  
can league team for next season, was  
killed Monday afternoon in the Spring  
Brook marsh by the accidental dis-  
charge of his shotgun while hunting.

Coates and Mike Place of Omro  
were out in a skiff after ducks. Coates  
drew his gun toward him and the  
weapon was discharged. The shot  
penetrated one of his eyes.

The remains were taken to Omro,  
where Coates' parents live. The  
young man was one the five best bat-  
ters in the league and a bright future  
was predicted for him as major  
leaguer.—Milwaukee Sentinel.

Mr. Coates acted as second base  
man in the Rhineland team of one  
year ago and is well remembered by  
base ball enthusiasts, who will grieve  
at the untimely end of so brilliant a  
ball player.

NORTH AND SOUTH ARE

WIND AND STORM SWEPT

Wisconsin is experiencing its first  
touch of real winter, and through-  
out the whole northern half of the  
state the ground is covered with snow  
varying in depth from an inch to two  
feet. The wind for nearly two days  
blew a continuous gale and the great-  
er share of the time snow filled the  
air resembling a western blizzard.  
Iceicles hung from buildings and eaves,  
and every feature re-embled typical  
northern winter weather. The change  
to these conditions was very sudden.  
The storm set in Saturday night,  
when up to that time and for weeks  
previous, the grandest Indian sum-  
mer weather prevailed. In fact now  
many of the trees are not yet stripped  
of their summer foliage. Trains have  
been delayed and communication by  
wire seriously interrupted by this un-  
seasonable storm. The farmers  
throughout the state are unprepared  
for winter at this time, the crops be-  
ing far from harvested, and several  
weeks of good weather are hoped for  
before winter actually sets in. In  
the larger cities considerable suffer-  
ing is reported among the poorer  
classes, who are without the proper  
clothing and fuel necessary to with-  
stand this unwelcome visit from the  
wintry zone.

While the northern part of Wiscon-  
sin and Michigan have been in the  
grip of a winter storm of rain, sleet  
and snow, the Florida coast has been  
swept by a hurricane which has done  
unfathomable damage to property in  
the coast cities. Blocks of frame struc-  
tures have been razed and much dam-  
age done to large factories and ware-  
houses. Numerous vessels have been  
swept out to sea, many being wreck-  
ed or sunk.

#### FROM NEARBY TOWNS

**Tomahawk**—Three Tomahawk contractors opened camps last week near the city—beginning their winter logging operations.

**Ashland**—Jacob Ganion, a miner who was working in the Ashland Iron mine was blown 60 feet by a premature blast and lives to tell the tale. His partner was instantly killed. Ganion was unrecognizable from smoke and dirt but no serious injury resulted, only discomfort from burns and bruises.

**Ashland**—Wm. Bradley of Spooner was instantly killed Saturday morning while assisting in tearing down the old Omaha round house, which is being replaced by a new structure. His head was crushed by a falling door. He was a married man, the wife residing at Spooner.

**Ladysmith**—Some persons are born under a lucky star. At least so thinks Joseph Pietrick. He was at a height of 65 feet on the 120 foot chimney being built by the Menasha Paper Co. He started to go down for dinner but the hoisting rope was not fastened and he fell the entire distance, alighting in a tub of brick. He escaped with a sprained ankle.

**Merrill**—The common council of Merrill has accepted the sum of \$17,500 donated by Andrew Carnegie for the erection of a public library building.

**Wausau**—When the new addition to the Bellis Hotel is completed about November 15, Wausau will have the largest hotel outside Milwaukee. It covers nearly a block. The addition will have forty rooms, increasing the lodging accommodations when the improvements are completed, to 120 rooms. The floors will be of hardwood throughout the whole house. Every room will be an outside room, large and well lighted, with baths, etc.

**Park Falls**—The Miller Manufacturing company's new crating and wire reel factory was burned to the ground Monday morning. The fire originated in the dry kiln, which was filled with stock. The fire spread rapidly through the inflammable material and the building was all ablaze in a few minutes after the fire was

first discovered. The loss is estimated at \$35,000, insurance \$10,000. It is not known whether the plant will be rebuilt.

#### Notice For Bids

City Clerk's Office,  
Rhinelander, Wis.  
Sealed bids will be received by the undersigned up to the hour of 2 P. M. Oct. 15th, 1909, for the furnishing of all materials and the installing of steel doors and men's and women's lock-up cells for the City Hall building at Rhinelander, Wis.

Said bids to be according to plans and specifications now on file in my office in said city.  
A certified check payable to A. D. Sutton, City Treas. of at least 10 per cent of bid as a guaranty of good faith on the part of the bidder, is required to be submitted with the bids.

Said work to be completed not later than 60 days from the date of contract.  
The committee reserves the right to reject any and all bids.

By order of committee,  
GUST SWEDBERG,  
City Clerk.

Well Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins, of Glasgow Ky. This remedy is for sale by F. L. Hinman & Co.

#### TEDFORD ACQUITTED

Albert Tedford of Mellen was acquitted in circuit court at Ashland, Saturday on the charge of man slaughter in the fourth degree. The jury was out only a short time.

It will be remembered that Tedford was accused of shooting Frank Sawicki while out hunting near Mellen, Oct. 11, 1908.

#### "STAMP OUT THE WHITE PLAGUE."

Sale of Wisconsin Christmas Stamps Opens Nov. 30 and Everybody Should Help.

**Milwaukee, Oct.**—The second annual Christmas stamp campaign of the Wisconsin Anti-Tuberculosis Association, to raise funds to continue fight against the white plague by the sale of neat holiday greeting stickers, will open November 30. The association has determined to sell 3,000,000 stamps by midnight, December 31.

This year an exclusively "Wisconsin stamp" will be sold. The price will again be one cent. The stamps take the place of holiday greeting stickers now generally used on Christmas packages and on letters, business and social, during the holiday season. Besides forming an excellent substitute for the conventional stickers, the Wisconsin Christmas Stamp carries a message of hope in the fight against consumption, while the penny paid for it goes into a great and worthy work.

Every city, village and hamlet in Wisconsin will have a local headquarters and a campaign manager. There will be plenty of stamps for everyone and the price places them within reach of the poorest persons. A fine organization has been perfected by Stanley A. Douglas, whose experience in the first campaign last fall gives promise of an even more successful campaign this year. Church, school and state have joined the movement. Gov. Davidson, Archbishop Mesmer, State Supt. of Schools Cary and hundreds of leading men endorse and participate in the campaign. The best citizenship of Wisconsin is enlisted.

The above cut shows the exact size of the stamp but does not do justice to its beauty. It is a fine work of art in two colors—good enough to grace formal social letter or commercial circular; a gift package that cost 25c or one that cost \$25.00. The stamps may be purchased anywhere in Wisconsin on and after November 30.

#### THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produce temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called **REXALL ORDERLIES**. We urge you to try them at our entire risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the dragging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 25 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Rochester only at our store.—The Rexall Store. J. J. Reardon, Rhinelander, Wis.

#### The Best Plaster

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lam- back or pains in the side or chest give it a trial and you are certain to be more pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by F. L. Hinman & Co.

## Nature at Her Best

Q Look at the "Model A" Gossard Corset, which we depict herein, as drawn from life. Could any corset be more exquisitely beautiful? Could any corset give more genuine comfort, sitting or standing?

Q Could any corset be in more perfect accord with the fashions of the hour.

Q We make you, madam, the wearer, the judge. And we know that your answer will agree with that of thousands of other discriminating women who have found in the Gossard, absolute corset perfection.

THE  
**Gossard**  
CORSETS  
"They Lace In Front"

THIS perfection is not accidental nor incidental. It is the achievement of the perfected methods of the New School of Corset Design from which emanates the Gossard.

Q Nature at her best is the ideal of this New School of Corset Design. This ideal is realized by methods that leave nothing to the judgment of the operatives. Every seam and gore is placed with scientific precision. Every bone is located with the accuracy that obtains in adjusting the balance wheel of a fine watch.

Q Model A is the extreme of long corset elegance and long corset comfort. It moulds the generously developed figure into lines of natural grace. The beauty of its sculptured habit back is instantly recognized. The hygienic construction of the adjustable front lacing feature is endorsed by physicians. Instead of pressure it gives support to the organs. It allows full diaphragm breathing; easily but surely compels a correct standing position; gives poise to the figure and grace to the carriage.

Q We should be pleased to have your judgment on the Gossard models for Fall.  
**MRS. E. B. DILTZ**

an expert corsetiere, trained under the tutelage of the New School methods will be in attendance. She will fit you personally and advise you as to the model that will give greatest charm to your type of figure.

## Feeding Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; but while they eat well they work well, too.

Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. Besides the regular size packages Quaker Oats is packed in large size family packages, with and without china.

The first National Bank of Mineral Point is closed and it is said with a shortage of \$100,000. Vice President Phillip Allen has been looting the bank for sixteen years. Prosecution will probably follow. It is reported the little city is dazed by the shock. The bank was supposed to be as solid as a rock.

The University is faithfully training its students to a realization of the fact that each generation owes it to the coming generations, to conserve the natural resources. Of course this idea is not popular in Wausau where so many plunderers of the natural resources live. They acquired the habit of confiscating Uncle Sam's large timber tracts, now they want a chance at the water powers.

Chicago is beginning to pat herself on the back for securing the services of so able and earnest a man as Henry E. Legler as the head of the vast Chicago public library. Mr. Legler will be much missed from the library circles of Wisconsin where he has made himself so valuable in so short a time. One of Mr. Legler's first acts after becoming a prominent factor in the Wisconsin State library work was his dedicatory address at the Rhinelander Public Library.

Dr. W. A. Gordon, for fifteen years superintendent of the Northern Hospital for the Insane at Oshkosh, died on Tuesday at the Chicago hospital from cancer which assumed a malignant form several weeks ago. Sunday Dr. Gordon went to the Chicago hospital to be in close touch with the specialists who had operated upon him.

He was 63 years old and leaves a daughter. Dr. Gordon has been looked upon as authority upon insanity. His death means a great loss to the hospital and the State of Wisconsin.

C. R. Crane of Chicago who was so recently appointed as Minister to China by President Taft has been recalled by Secretary of State Knox on the ground that Mr. Crane was unwise in giving out an interview which might embarrass the U. S. The Chicago Record-Herald which

contained the interview says that Mr. Crane did not give it out and that the treatment of Crane at the hands of the Department of State is shameful. Now things may be interesting, for Mr. Crane says the interview attributed to himself was given out by the President. Will Secretary Knox recall "him" without giving him a chance to speak for himself?

It was not entirely unexpected that President Taft would come out boldly for the ship subsidy graft for which "big business" has been itching for many years. Again and again did the law favoring the taxing of all the people to pay for ships which are to be owned and operated by private individuals, come up in congress and meet with a storm of protest from every part of the country. But grafters never lie down; they continue to fight until they tire the public of protesting. The word "graft" has never been more aptly applied to any form of public theft than to this brazen scheme of taxing the entire public for the benefit of a few who are already millionaires several hundred times over. That the scheme will meet with desperate resistance in the next session of congress is a foregone conclusion but the grafters have been materially strengthened by the acquisition of the President.—Hudson Star-Observer.

Commander Perry has again belched forth. He calls Doctor Frederick A. Cook an imposter. Mr. Perry comes forth with a long signed article to prove that Doctor Cook could not possibly reach the north pole by any other route than the one he took; his way being the only way. He claims the Eskimos who were with Dr. Cook deny the truth of Cook's statement. Robert E. Peary fails to have the good sense to listen to the words of his friend who wired him "keep still, the people are against you." Where is there any proof that Commander Peary ever reached the pole? He has put forth no proof yet he takes it for granted that his veracity must not be doubted and on the other hand calls his rival for polar honors a base deceiver. Mr. Peary prove your own case and let the other man stand or fall upon his proofs. You do not have to suffer from his wrong doing.

LaFOLLETTE SPEAKS AT ST. PAUL. Senator LaFollette addressed an enthusiastic meeting at St. Paul last Saturday evening. He was most heartily received and loudly applauded. He clearly stated that he was a protectionist and still when protection is used to rob the people and fill the coffers of the trusts it is time that all men join hands and work for the best interests of the masses. He closed with the following exhortation:

DUTIES OF THE PATRIOT.

Oh, I would to God that corruption flew a flag and thundered from the mouth of the cannon! The solution of this great problem, the protection of our government and the establishment of the representative system just as our fathers designed to be so easy. It is a complicated problem for us, it calls for appeal to awaken the people of this country to a true sense of the danger that menaces our form of government. I ask you, my friends, here without regard to party, the time has come just as it did in the sixties when Stephen A. Douglass heard of the firing on the flag, he sent a challenge forth that united all the northern democracy, who said, "When my country's flag is assailed there is no party, Democrat or Republican, so far as I am concerned. There is only the country that calls for me." (Applause.)

There is nothing partisan in this great contest, my friends. This monster organization here cares not a whit whether the Republican or Democratic party is in power. It simply is seeking for legislation which promotes its interests. I appeal to every Democrat and every Republican in the state of Minnesota to rally to the support of the men in your state without respect to their party affiliations, the men whom you have seen tried in the United States Senate and in the House of Representatives and who have proven true to public interests no matter what the power of the organization against it they have lodged their fight. (Great applause.)

I thank you very much for your attention. (Great applause.) A Voice: Three cheers for the little giant of Wisconsin. (Three Cheers.) A Voice: Three Cheers for Senator Clapp and Senator Nelson of Minnesota.

Editors who find it hard sometimes to fill their columns with good live reading matter ought not to fret when they think of the responsibilities that rest upon the editors of New York City, where four visitors arrive in the city every second, a train of emigrants every 42 seconds, someone is arrested every three minutes, there is a funeral every seven minutes, a child is born every six minutes, there is a wedding every thirteen minutes, every hour a building catches fire and a new business starts up, every hour a ship leaves the harbor and a new building is erected, every two hours someone is killed by accident, every eight hours some pair is divorced, every ten hours someone commits suicide, every night a million and a quarter dollars are spent for dinners, and every day 350 new citizens come to town to live. They have to go some.—Exchange.

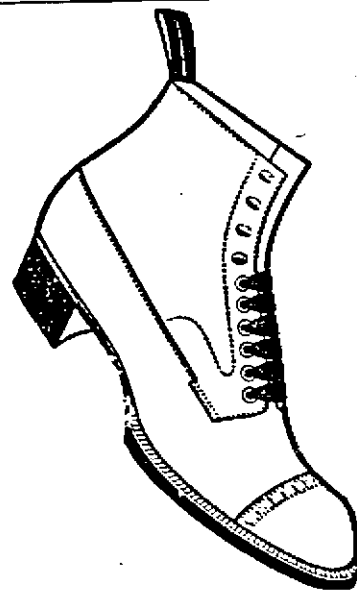

A Michigan woman has entered suit against a dozen or more saloon-keepers for damages, basing her claim on the allegation that through the opportunities afforded her husband by these dispensaries he became a drunkard and a thief and is now in prison. The case is a unique one. It will be tried at the present term of court at Marquette.

### MANY CASES OF POLYGAMY HERE

There are at least twenty-five couples in Outagamie county who have obtained decrees of divorce, who are still man and wife. Some of them have remarried and are guilty of polygamy.

The reason they have never been divorced is because their attorneys have never paid the court fees. Those who have married again are perfectly innocent as far as they are concerned of having violated the law. They had a decree signed by the court but the entries of the judgment have never been made in the cases where the fees have not been paid and it is the entry and not the signature of the court, which makes the divorce final. Where the decree is not entered the divorce is null.

The matter was brought up in the Milwaukee courts and the above decision sustained.

The entries have never been made simply because the attorneys have been indifferent or else did not want to pay the \$1.00 fee. If the clerk makes the entry without receiving the fee he is obliged to pay the state out of his own pocket. This is the reason the cases have been held up.—Appleton Crescent.

### DEATH OF WILLIAM ELLIOTT

AT SEAFORTH, ONTARIO

The following is an obituary notice covering the death of William Elliott of Seaforth, Ontario, father of Dr. J. T. Elliott of this city, mention of whose demise was made in our last issue. The article is taken from the Huron Expositor, published at Seaforth: Death of Mr. William Elliott.—Mr. William Elliott died in Owen Sound on Wednesday morning, September 29, aged 79 years and 11 months, having been in failing health for several months. Mr. Elliott was born at Fenchirre, Roxburghshire, Scotland, October 31st, 1829. He was the eldest son of Robert and Elizabeth Telford Elliott, and the second in a family of six, of whom he

was the last survivor. At the age of seventeen he entered the teaching profession, in which he continued for about six years, teaching in both Caithness and Cumberland, England. He then went to London, where he was employed in a railway office. His health failing in 1855, he came to America, but after visiting parts of Ontario he returned to Scotland in 1857. He did not remain long, but returned to America, living for some time in Ohio and Missouri. Later he came to Ontario and engaged in teaching in the neighborhood of Galt and Tara. In 1868 he went to Seaforth and remained there until 1905, during which time he occupied the position of town clerk and treasurer for thirty-three years. In religion he was a consistent and lifelong member of the Presbyterian church and was for twenty-three years a member of the session at Egmondville. Though he never took an active part in politics he always voted with the Reform party. In 1864 he was married to Miss Margaret Rennelson, of Galt, who with a family of five sons and three daughters, survive him. Being a great reader and having traveled extensively he was a very gifted conversationalist and to those who have had the privilege of a long-life acquaintance with him he will always be remembered as a man of sterling integrity and uprightness in his dealings and withal possessed of such an equable and unflinching good temper that it was almost impossible to be on any other than the best of terms with him, and it may truly be said of him that he was a gentleman in the most literal as well as in the widest and highest sense of the word. In his spare hours he was very much interested in the study of horticulture. The funeral took place on Saturday afternoon last to Greenwood cemetery, the services being conducted by Rev. G. A. Woodside. The pall bearers were Messrs. W. P. Telford, J. P. Telford and John Telford, cousins of the deceased; Mr. Robt. Clark, Mr. John Lee and Mr. John Young.

**I Suffered with Kidney Trouble.**  
Mr. Robert H. Norris, 506 East 11th St., East Oakland, Cal., writes:  
"We have never had any other medicine but Peruna in our home since we have been married."  
"I suffered with kidney and bladder trouble, but two months' treatment with Peruna made me a well and strong man."  
"My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong."  
"We are both very grateful to you and gladly do we give this unsolicited testimonial, feeling that it is the least we can do in return for what Peruna has done for us."

**Catarrh Entirely Relieved.**  
Mr. Ira Henney, Fairfield, Freestone Co., Texas, writes:  
"I am completely cured of all symptoms of catarrh."  
"I can truly say that Peruna is the best medicine I ever saw. I will always recommend Peruna to all my friends, for catarrh."

**Catarrh of Head.**  
Mr. C. Hallock, Antwerp, Ohio, writes:  
"My daughter Ailie, after taking three bottles of your Peruna, is entirely cured of catarrh of the head of two years' standing. We recommend Peruna to anybody who has catarrh."  
Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

He was brought to this city Monday, taken direct from the train to the Norwegian-Danish Lutheran church where the funeral was held, Rev. Knudson officiating. Interment was at Forest home. The deceased was a former resident of this city.

## Biefield's Ladies Tailor Made Garments

Distinctive Styles and High Quality has been Our Constant Aim

And our success in the past is indicative of what the future will be. We have carefully studied conditions and tendencies and it is with perfect confidence that we present every style as authoritative. But we have not been contented merely to know that the style is right. We have looked carefully to the so-called Minor details---to the needle work, the linings, the fitting qualities and the trimmings---and our standards are so high that the closer you examine the goods, the stronger will be your confidence in us.

# M. J. SLATTERY

I am now showing the fall season's wools of high grade, and place before my customers a remarkable and beautiful assortment of exclusive patterns which will meet the approval of those who desire style and will do much to maintain the popularity of the wearer, as a Tailor Made Suit gives confidence to

the conservative business man. Step in and leave your order for the best \$20.00 suit on earth. These suits are not Chicago tailored to the trade garments that will turn in-side-out in a few weeks wear. I pounce and cut the goods and try them on so you can see what you are getting and guarantee for one year.

You can get your suit six or eight days after leaving your order. All wool guaranteed for

**\$20. \$22, \$25 up**

And Overcoats at the same price.

## OVER 3,000 STUDENTS ENROLLED AT 'VARSITY

Registration at the University of Wisconsin for the first week showed a total of 3,329 students enrolled, an increase of over 10 per cent over last year's enrollment of 2,998 at the same time, which indicates that the whole number of students for the year will approximate 5,000.

Gains were largest in the college of letters and science, in which there are 2,092 students, an increase of 377 or over 15 per cent; in the college of agriculture, where a gain of 103 students in the two and four year courses makes a total of 303 against 205 last year, 50 per cent increase; and in the school of medicine, which has 43 students, nearly three times the number enrolled at the time of the organization of the school last year. In the reorganized department of home economics 41 students are enrolled; in the college of engineering 685; in the law school 121; and in the course of pharmacy 22.

### BLOCKADED

Every Household In Rhinelander Should Know How to Resist It. The back aches because the kidneys are blockaded.

Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Rhinelander.

Mrs. A. Gruebel, of 528 Arbutus St., Rhinelander, Wis., says: "I can recommend Doan's Kidney Pills as I have used them with the best of results. I had an attack of kidney trouble and was in misery most of the time. When I learned of Doan's Kidney Pills, I procured a box at Reardon's drug store and had taken them but a short time when the pains in my back entirely disappeared and my condition was improved in every way."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

## Reckmeyer's FURS—Milwaukee

If you intend to purchase anything in this season I will pay you to come to Milwaukee and inspect our unusually large display of fine furs and rich and exclusive styles—an immense assortment of small furs and garments in the latest Parisian models.

Reckmeyer furs always carry the stamp of quality and reliability. You get the choicest there is—the most approved style—at prices below the average for equal quality.

It would be a profitable trip to run into Milwaukee just to see this large display of elegant furs. You will be repaid many times in satisfaction and in actual saving.

Or if you will tell us your wants we will quote you the lowest possible price on what you desire, by mail.

Moved by Alderman Swedberg seconded by Alderman Cain that the resolution be adopted as read and levy made. Carried, all voting aye.

Moved by Alderman Baker and seconded by Alderman Calkins that the Board of Public Works be instructed to have a map made of the City of Rhinelander, showing the diagrams of all sewer, water works and gas connections.

Carried, all voting aye.

Upon motion Council adjourned.

GUST SWEDBERG City Clerk.

### BOTH BOYS SAVED

Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results.

A new bell for the Norwegian Lutheran church arrived from St. Louis Tuesday. It was hoped that it might be hung so that its chimes could be heard Sunday, but a bell of such size is not easily handled and put into place, so that it may require more than a few days to place it in the belfry. The new bell weighs 579 lbs and its purchase was made possible by the Young Peoples' Society of the church.

You can set a wet umbrella on a Chi-Named floor at night and there will be no white spot to tell the story next morning.

**REPUBLICAN PARTY**  
BEGUN BY WORKINGMEN

In an article on "Greeley and the Republican Party" in the current number of the Political Science Quarterly, Prof. John R. Commons of the University of Wisconsin shows the origin of the Republican party in 1854, and its connection with the workingmen's and labor movements through the father of the party, Alvan E. Bovay of Ripon. Before coming to Wisconsin Bovay was secretary, treasurer and delegate to the Industrial Congress for the workingmen's party of New York, and his views appeared wherever the Republican party sprang up.

**GOVERNMENT POSITIONS FOR MEN AND WOMEN**

The Government gives Railway Mail Clerks \$500 per year to start and increases to \$1,200.

Uncle Sam will soon hold an examination throughout the country for Postal Clerks, Letter Carriers and other Government Positions. The work is pleasant, hours short and pay liberal. It is estimated that 50,000 appointments will be made this year. The Government wants men and women over 18. Any reader of the —G— can get full information and instructions to pass the examination by addressing the \$32 Bureau of Instruction, Hamlin, Building, Rochester, N. Y. 07-07-1910

**HIGH SCHOOL NOTES**

Manual training seems to be as captivating in Rhinelander as it has been in other places. In the high school where it is purely elective, twenty-five boys and four girls have chosen to take it. In the 6th, 7th, and 8th grades where it becomes a regular part of the work, over one hundred boys are accommodated at the benches, in classes of twenty at a time. Something like one hundred and thirty girls in the same grades are taking domestic science twice a week under their regular teachers. The manual training room is located at the High school building, and visitors are welcome at anytime. It is inspiring to see a class of twenty at their bench work. Mr. Earl Whitcomb, of River Falls, has charge of the manual training, and will be pleased to show you what is being done.

The need of a new high school building becomes more and more apparent. The high school department is larger than ever and there seems to be no possibility of getting accommodations elsewhere. Nothing has been done during the summer to improve the heating and ventilation. So here goes for another year of close quarters, foul air, and plenty of coughs and colds, and influenza.

**FORSYTHE-PERRAULT**

Gilbert Forsythe and Molinda Perrault were married at Milwaukee the fore part of the week. Both were widely known in this vicinity. Miss Perrault has held positions in Kirk's Kandy Kitchen and for the past year has been serving the patrons at Kolden's.

Mr. Forsythe is the owner of the tonorial parlors under the Merchants State Bank and is popular with all classes. The young couple have the best wishes of a large circle of friends. Upon their return to the city they will begin housekeeping in their new home on Eastern Ave.

She Was Pleasantly Surprised  
Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them."

**CHANGES LOCATION**

Adam Johnson, the popular North Side grocery man, who has been in business for such a long period at 303 N. Brown St., moved last week to the store he has recently had built for his rapidly growing business and which is located a few doors north of the Baptist Church. The new building has three floors, including the basement, which with its fine foundation of stone serves as a storage place. The upper floor is fitted up as a flat, which Mr. Johnson's family will occupy later in the fall.

This change of location enables Mr. Johnson to be in the centre of his trade and to handle it with more ease.

Court is still in session but most cases are disposed of until the special session in November.

The case of Noel against Edward Rudolph for trespass was decided in favor of the plaintiff.

The Gate City Steel Tank Company against the Lewis Hardware Co.; the court gave the Gateway Co. less than they asked but more than the Lewis Co. claimed they owed.

The suit of Carl Solberg against the Robbins Lumber Co., for personal damages was completed yesterday and Solberg was given \$2575.

The suit of the Dean Manufacturing Co. against Ed. Wolfgram was dismissed.

The suit of Wm. Lord against the Lighting Co. and the Mutual Telephone Co., was settled out of court but it is understood that Mr. Lord received a goodly amount.

Mary Bliss was awarded a divorce from George W. Bliss.

The decision in the suit of Julia Tomally against J. S. McLaughlin has not been given yet.

### WINTER CLOSING IN ON

#### ALASKA RIVERS

Fairbanks, Alaska, Oct. 11.—Navigation of the Tanana river was closed yesterday by the freezing of the stream.

The unexpected freeze caught a number of steamers in the river, and will hold them prisoners until spring, when two of them will be in dangerous positions at the breaking up of the ice.

Two steamers crowded with stampedees for the new Iditarod district, are frozen fast. A thousand tons of freight within a short distance of Fairbanks will not be available until next May.

For sale—At this office, fine map hangers, consisting of three maps, 1 of the world, 1 of Wisconsin, 1 of the United States and the Panama Canal Region. A fund of information in small space, should be in every home. Price 25 cents.

The National Dairy Show is held in Milwaukee this week beginning on the 14th.
